- Challenge 1: Nancy Chan
- Challenge 2: Tammy Alford
- Kingco: Greta Dedmon
- Club Manager: Chauntelle Johnson

Apologies:

- Emerald: ?

Call to Order: 12:36pm

Current/New Business:

- *Formation of Teams for the 2023/2024*

Lots of work by the Cups Committee to make players happy being on the team that they are assigned and to balance the number of team members on a team. Can't make 100% of players happy 100% of the time. However, note that team formation is about, not only player performance, but also if that player is willing to help out the team too.

Chauntelle shared some of challenges:

Appeals - There will be no more appeals accepted at this stage. There were many change requests after the registration window had closed. Players who appeal/apply for teams after the registration window, may be put into teams based on balancing that team's need for numbers rather than the player's team preference.

As a member owned club, we will try to accommodate appeals.

For any appeals, the Committee is looking for guidance from that team's Committee member. You will probably have the most knowledge about the player making the appeal. Eg. for a 4.0 player making an appeal, the Challenge Committee members will probably have played with the person who is appealing and would reply to everyone about the appeal.

Emerald team - 60% of the team are 2.5. Any 3.0s would be placed here.

Future learning - For team formations for 2024/225 - verbally communicate the importance of registering to play Cups by the registration deadline.

- *Start of the 2023/2024 season*

Chauntelle had some tips for us:

- All players have a copy of the Cups rules in their tennis bag.
- Captains confirm with the opposing captain the date and time of match.
- Captain and opposing captain agree on the match scores.

- Provide to the front desk: the names of players using warm up courts before matches, team practice session or team lessons with the pros.

- *New Cups Chair: Kristin Brennock*

Meeting adjourned at 1:04pm.

Next meeting is scheduled for Monday, October 16th at 12.30pm .
